About Man Yue Technology Holdings Limited

Man Yue Technology was founded in 1979 and was listed on the Hong Kong Stock Exchange in 1997. The Group's core business is the manufacture and sale of high technology electronic components, including Aluminum Electrolytic Capacitors ("E-Caps"), Conductive Polymer Aluminum Solid Capacitors ("Polymer Caps"), Electric Double Layer Capacitor ("EDLC"), EDLC Modules ("EDLC Modules"), Powerfilm Capacitors ("Powerfilm Caps") and other innovative electronic components. As a key manufacturer of E-Caps and Polymer Caps, the Group's renowned SAMXON® and X-CON® brands are respected for their advanced technology and superior quality. The Group operates state-of-the-art E-Caps manufacturing facilities in Dongguan and Wuxi of Mainland China, with a total production capacity exceeding 1 billion pieces per month. It also owns aluminum foil factories located in Qingyuan and Ya'an, in Mainland China producing foil for its own consumption, and also operates a chemicals production plant in Qingyuan in Mainland China. The Group has distribution offices located in Hong Kong, Mainland China and Taiwan. In 2013, the Group obtained the Productivity and Quality Grand Award in the Hong Kong Awards for Industries, being organized by the Hong Kong Productivity Council. In 2014, the Group obtained the Outstanding Import & Export Enterprise Corporate Achievement Award being organized by the HKCIEA.
