

Man Yue accredited as “Hong Kong’s 100 Most Influential Brands”

(19 December 2008 – Hong Kong) – **Man Yue International Holdings Limited** (“Man Yue” or the “Group”) (stock code : 894), the fifth largest aluminum electrolytic capacitors (“E-Caps”) manufacturer in the world, ranked 79th among the “Hong Kong’s 100 Most Influential Brands”, a list published by the World Brand Laboratory (“WBL”).

The selection criterion – brand influence – used by the WBL refers to the strengths of a brand in aiding market development and capturing of market share and profit for a company. Specific attributes evaluated included market share, brand loyalty and leadership in the global market. The selection process took six months this year during which the World Brand Lab analysed more than 1,200 well-known Hong Kong brands.

Mr. Eugene Chan, Managing Director of Man Yue, said, “We are very pleased to have earned a place on the list, which is a reflection of market recognition of our strong capability in research and development of excellent quality product and services and our leading presence in the international market. In the days ahead, we will continue to strengthen product R&D and strive to secure new customers and markets, so as to fortify our industry leadership.”

The World Brand Laboratory (WBL) is chaired by the “Father of European Dollar” and the 1999 economics Nobel prize-winner, Dr. Robert Mundell. Experts and consultants of WBL are from world’s leading academic institutes such as Harvard University, Yale University, Massachusetts Institute of Technology, Oxford University and Cambridge University.

About Man Yue International Holdings Limited

The Man Yue Group of Companies was founded in 1979 and listed on the Hong Kong Stock Exchange in 1997. The Group’s core business is the manufacture and sale of aluminum electrolytic capacitors (“E-Caps”) and Conductive Polymer Aluminum Solid Capacitors (Polymer Caps). The Group offers a full range of E-Cap products, ranging from miniature to large-can E-Caps, which satisfy the needs of its global customers, consisting mainly of the world’s leading electrical and electronic brands. In 2006, the Group launched an innovative type of E-Caps known as Polymer Caps. As the world’s fifth largest E-Caps manufacturer, the Group owns the renowned SAMXON and X-CON brands, both of which are well-known for their superior quality, strong R&D capabilities, and established global network. The Group also provides Component Electronic Manufacturing Services (“Component EMS”) to some of the world’s most respected component brands. All of the Group’s products comply with RoHS and environmental protection regulations specific to different global markets. The Group is headquartered in Hong Kong and operates state-of-the-art E-Caps manufacturing facilities in Dongguan and Wuxi, PRC, with a total production capacity of over 890 million pieces per month. The Group further owns two aluminum foil factories located in Qingyuan and Urumqi, PRC, which produces aluminum foil for its own consumption. The Group has distribution offices located in Hong Kong, Mainland China, Taiwan, Malaysia and the United States complemented by distribution channels that span across the globe.
